REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to neither anticipate nor render obvious the applicants claimed invention of a structural fluid cooling unit. Specifically the prior art fails to show the specific arrangement of components for the fluid cooling assembly. The prior fails to teach a storage tank vertically forming a housing for a fan wheel with a submersible pump being mounted on said storage tank and having the pumps' axis aligned perpendicularly to a second pump for pumping hydraulic fluid. Thus, the applicants' invention is novel and non-obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TRAVIS RUBY whose telephone number is (571)270-5760. The examiner can normally be reached on Monday-Friday 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frantz Jules or Cheryl Tyler can be reached on 571-272-6681 or 571-272-4834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
